The WSDMP was created by the Wisconsin Legislature to reimburse schools for the milk (juice) served at a milk break to students in pre-kindergarten through grade 5 who are eligible for free or reduced-price meals. Only one half-pint of milk (or daily unit of juice) may be claimed per eligible student per school day. By state law, no charge can be made to students who are eligible for free/reduced-price meals, who receive milk/juice under the WSDMP. Milk/juice served to paid students (those **not** approved for free or reduced-price meals) at the milk break in grades pre-K through 5, and students in grades 6- 12, is not eligible for reimbursement. If milk served to students is claimed under the federal Special Milk Program (SMP), it may not also be claimed under the WSDMP.

A claim for juice can be made only if it was served as a substitute for milk to an eligible student, with written documentation on file that the individual student has a condition that prohibits the consumption of milk. Documentation does not need to come from a licensed medical practitioner, which differs from the Federal Child Nutrition Programs.

Public Schools Using Wisconsin Uniform Financial Accounting Requirements (WUFAR): The WSDMP has been assigned Revenue Source Code 617, Program/Project Code 544. Sites for which milk is being claimed under this program must be indicated on Schedule A of the current school year's approved online contract. If the contract does not indicate the SFA is sponsoring the WSDMP, the claim will not be processed. A <u>base paper contract</u> must be submitted to DPI when adding WSDMP to the online contract for the first time.

Milk Served to Free and Reduced-Price Eligible Students

Enter the total number of half-pints of milk served during milk break to eligible free and reduced-price eligible students during the entire July 1-June 30 school year. Claims must be supported by daily participation records on file.

Juice Served to Free and Reduced-Price Eligible Students

Enter total number of substitute juice units served during milk break to eligible free and reduced-price eligible students during entire July 1-June 30 school year.

School's Cost Per Half-Pint of Milk

Enter your school's cost (to four decimal places) per half-pint of WSDMP milk. Documentation must be maintained to support this reported cost. This cost will be multiplied by the number of half-pints of milk reported to obtain your school's claimed amount of state WSDMP aid, before prorating (if necessary) the annual aid payment. Consider what would be a reasonable cost per half-pint to report for this program. For example, if your school serves only 1% milk for the milk break, your cost perhalf-pint of 1% milk is more reasonable to use than the average cost per half-pint of all types of milk served as a component of the National School Lunch Program. Likewise, if the SFA has multiple schools participating in WSDMP, calculate cost per half-pint that reflects the milk served at those sites.

School's Cost Per Unit of Juice

Enter your school's cost (to four decimal places) per unit for WSDMP substitute juice.
